## TOTAL AMOUNT OF TAXES COLLECTED IN COUNTY SHOWN

In Annual Settlement of the County Sheriff—Turnpike Fund For the Year 1919 Over Forty Thousand Dollars.

Figures are complete for the annual settlement of Sheriff Charles Galbraith with Mason county and it is more than likely that this settlement will be filed with County Clerk Owens today. The figures in this settlement show that a total of \$110,270.48 was collected in taxes for the county this year and that the county turnpike fund will receive over forty thousand dollars as its share in the total taxation.

A recapitulation of the report is as follows:  
Free turnpike fund .....\$42,473.62  
School fund ..... 24,853.73  
Infirmary fund ..... 7,368.08  
General claim fund ..... 27,183.11  
Dirt road fund ..... 1,533.75  
Back taxes ..... 62.41  
Sinking fund ..... 6,795.78

Total taxes collected.....\$110,270.48  
The amount of money placed to the credit of the dirt road fund is one-half the poll taxes collected and this shows that this year the sheriff has collected a total of \$3,067.50 for poll taxes in the county.

Under the plan of the new state assessment the county taxes this year is not so great as was probably expected.

## RUNAWAY BOY STOLE RING FROM FOSTER MOTHER

Smith Hess, Small Boy Picked Up in Tobacco District By Local Officers Will Be Returned to Children's Home.

Mr. L. N. Harvin, Field Agent of the Kentucky Children's Home at Louisville, is in the city today investigating the case of Smith Hess, fifteen year old boy sent out by the home to a family in Fleming county who ran away and came to Maysville and was picked up here in a tobacco warehouse by police.

Shortly after Hess was taken into custody here it was learned that he was charged with stealing a valuable ring from his foster mother and the Juvenile Court made an investigation. Young Hess denied that he had stolen the ring and all efforts to locate it were unavailing.

Mr. Harvin says that the lad has given the home considerable trouble before and that investigation made here discloses that the boy had stolen the ring and had sold it at a Maysville tobacco warehouse to a man living in the Springdale neighborhood. An effort will be made to obtain the ring and the boy will probably be taken back to the state institution at Louisville.

## POLICE HELPING MAN LOCATE HIS WIFE IN ANOTHER CITY

Maysville Policeman Makes Trip to Portsmouth in Effort to Locate Wife of West End Man—Said She Would Kill Self.

Officer William Tolle, of the local police force, is in Portsmouth, Ohio, today to assist Milton Gullett, of the West end of the city to locate his wife who left her home here on last Sunday night and left a note saying that she intended to end her life.

Gullett complained to the local police Monday that his wife had left him and his little boy and had gone to another's home. He said that she had left a note on the table at his home saying that she was going to end her life and he asked that the police assist him in locating her. Police investigated about Maysville but it was soon learned that the woman had gone to another city with relatives.

Upon request of Gullett a policeman was ordered sent to Portsmouth, Ohio, to locate the woman and endeavor to induce her to come back to her family. Officer Tolle was given the assignment and is expected to arrive in Maysville this afternoon with the woman.

Gullett and his wife have had trouble before but nothing of a serious nature.

Mrs. Ophelia Jacobs, wife of Mr. Frank Jacobs, died at her home in East Second street Monday night about 10:30 o'clock following an illness of about two weeks of influenza then developed into double pneumonia.

Mrs. Jacobs, who before her marriage was Miss Ophelia Holliday, was thirty years of age on February 14. She became ill with influenza about two weeks ago and in a very short time contracted pneumonia in both lungs. All that medical skill could do was done for her but her heart was too weak for the suffering.

Mrs. Jacobs is survived by her husband, only. She was a beautiful and accomplished young lady, loved by a great host of friends who now mourn her loss.

The funeral will be held at the grave in the Maysville cemetery on Thursday afternoon at two o'clock.

## HENRY YOUTSEY IS NOW A TRAVELING SALESMAN

Henry Youtsey Spending Several Days in Maysville in the Interest of Louisville Concern—Pays Ledger a Visit.

Henry Youtsey, who for eighteen years has been confined to the Kentucky State Penitentiary in connection with the murder of Governor William Goebel and who only recently was paroled from that institution is spending a few days in Maysville and visited the Ledger office today.

Mr. Youtsey has become a full fledged traveling salesman and is now representing The Brady system of visible gasoline dispensers which are installed by garages. The gasoline tank is one of the most complete yet introduced on the market and has a very attractive stand which rests on the sidewalk and which is entirely visible to the customer and the dealer plainly showing each just how much "gas" the machine is receiving.

On Monday evening Youtsey visited the Mason county jail and talked with the prisoners. He expects to be in Maysville for several days, and will probably install several of his machines at local garages.

## HELP WANTED

Apply at Modern Laundry Company, 8-tt

Quite a number of Maysville and Mason county men are now with the American Expeditionary Forces at Archangel.

## LOCAL RED CROSS WILL CONTINUE TO SERVE SOLDIERS

Returned Soldiers May Call on Mason County Red Cross For Assistance And Information.

The Mason County Chapter of the Red Cross desires the men discharged from the fighting organizations to know that the Red Cross is continuing its work of furnishing information or assistance to former soldiers and sailors, as well as to those still in the service and their families.

Men returning from the army may find complications in business or commercial activities or new problems arising, owing to their absence or to the new obligations they have assumed. The Red Cross representatives are in touch with the various governmental activities and with the local agencies for the re-establishment of the returned men. What about the insurance carried by the men while in the service? Can it be cashed in? Should it be continued? When and to whom should it be paid?

What of vocational education for the disabled soldier or sailor? Is the injured man given education by the Government?

Many men have subscribed for Liberty Bonds. How are the payments to be made for these, and what are the men's rights in respect to them?

There is much confusion in the minds of the public in regard to War Risk Insurance and compensation on account of injury sustained while in the service. Any man who has become incapacitated while in the service is entitled to compensation. The rights of his family to compensation in case of his death may depend on whether he has submitted a certificate of disability prior to his own decease.

Information on any or all of these subjects has been given by the Home Service Section of the Red Cross, without cost, and can be quickly and accurately given to any discharged or enlisted men or their interested relatives.

Miss Ann C. Shackelford, the Secretary of the Home Service Section, is at the Red Cross Rooms, on Sutton street, Maysville, Ky., Wednesday and Saturday afternoon and will be glad to consult with any one interested, or information or assistance can be obtained at the office of the Chairman Stanley Reed, Court street.

Kemp Ball, of Lexington, was shaking hands with old friends here Monday.

## AMERICAN TROOPS TO BE WITHDRAWN FROM RUSSIA

War Department Making Plans to Bring American Troops Out of Russian Territory.

Washington, February 17—Steps toward strengthening the position of American and Allied troops in Northern Russia as a preliminary to their safe withdrawal in the near future are under way at the direction of the Supreme War Council.

Secretary Baker, transmitting this information from President Wilson to the House Military Committee today, said all the American soldiers should be out of Russia this spring.

To facilitate withdrawal additional forces are being dispatched to the scene. Great Britain is sending 2,400 troops and the United States railroad engineer units numbering about 500 men.

Secretary Baker notified the House Military Committee today that President Wilson had informed him of the plans, and again gave assurance that the American soldiers were in no danger of being out off.

Secretary Baker also said Gen. Bliss had informed him that the British Military authorities felt no apprehension as to the military situation at Archangel.

## RU NOVER BY AUTO

Mr. James Martin, of the Sardis neighborhood, was run over by an automobile in the tobacco district late this afternoon. How seriously he was injured or further particulars were not obtained at press time. He was taken to Dr. Taulbee's office for medical attention.

Regular monthly meeting of the Maysville Barbers' Union was held last night. Nothing but routine business was transacted.

## COMMISSIONERS FAVOR THE WORK OF THE HEALTH OFFICER

County Commissioners Are Pleased With the Work of Full Time County Health Officer and Think Work Should Be Continued—Bills Are Allowed.

The Mason County Commissioners held their regular monthly meeting at the court house today with all commissioners present and County Judge H. P. Purnell presiding. The regular routine business of the court was transacted and much time was given over to discussion of road work. The commissioners are expecting to accomplish much toward the building of roads in the county during the coming season and will go just as far as the county funds will permit in building the best possible roads.

Another very important matter disposed of by the Commissioners was the giving of their opinion on the work of the full time County Health Officer. The annual contract with Dr. J. S. Locke, present County and City Health Officer, expires with the first of April and those who are very much interested in the health of the county were anxious to know about the future of the full time health work.

The commissioners gave it as their opinion that the work should be continued and that the money spent in the employment of such an officer was money well spent. This means that the health work begun last year and which has proven of so much benefit to the county will be continued for another year.

No action was taken by the commissioners on the recommendations made by the last Grand Jury because of the sickness now at the County Jail but the commissioners expect to carry out all of the recommendations of the Grand Jury at the proper time.

## ARRESTED FOR BEING DRUNK; HAS FLU

A man by the name of Lou Weber walked into the police station last night and said he was sick and wanted a place to sleep. The fellow soon showed that he was very drunk and Acting Police Sergeant "Buddle" Walsh, the most accommodating man in town, accommodated him by sending him to jail. This afternoon Weber had a full fledged case of "flu" and was unable to come into court.

## OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

## PROTECT BONDHOLDERS

As the government has been stabilizing prices on various commodities, especially cotton, we believe it but fair for it to stabilize the prices of Liberty Bonds. There is widespread speculation in these promises to pay, and many workmen have been forced by unemployment to dispose of their bonds at a sacrifice. The people responded cheerfully to the loans and it is but fair for the government to protect them from losses on their investments in some way. We have Farm Loans conducted by the government, so why not bond loans?

NOTABLE FRENCH  
PLAY COMING HERE

Pierre Dumas' Famous "Stolen Sweets" to Be Presented Here on February 20th.

The Allied Amusement Co. presents "Stolen Sweets" from the French of Pierre Dumas, at the Washington Theater on Thursday, February 20th.

Every one who is interested in dramatic history knows that the greatest emotional plays the stage has seen have been adapted from the French. "Camille", "The Clemenceau Case", "Sapho", "La Tosca", "Gismonda", "D Barry", were all products of French dramatists, and they will live as long as the drama holds an appeal. These writers of no other nationality have such a thorough understanding of the psychology of the feminine mind, and they seem to know intuitively what a woman would do under any and all conditions, where a man is concerned. "Stolen Sweets" was written by Pierre Dumas, one of the greatest of the modern dramatic authors, and it is a worthy successor of the above-mentioned masterpieces. It has for its theme the "eternal triangle," and the subject is treated in a startlingly realistic manner. It ran for 600 consecutive performances at the Theatre Gymnase, in Paris, and its success there is now being duplicated in the United States and Australia.

## WANT LATEST SONG HITS

\* Paris—Song hits from Broadway are what the boys in Germany want for their winter concerts during the months that intervene between now and the close of the peace conferences. The first request for music was filled through the Y. M. C. A. before the rear guard of the First Division had crossed the Rhine. It was made by Chaplain Ralph L. Martin who dropped out of a marching column to send word back by a Red Triangle worker to forward at least fifty copies of new songs to the men of his unit.

Healthy Mothers  
Healthy Babies

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when 7 months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MORTIMER, Mitchell, Ind.

Lydia E. Pinkham's  
Vegetable CompoundRESOLUTIONS ON  
HON. W. D. COCHRAN  
PASSED BY NEGROES

Colored People of Community Adopt  
Resolution on Death of Hon.  
W. D. Cochran.

The big memorial meeting held at Scott M. E. Church was quite a success. It was called to hold memorial service in honor of Lincoln, Douglass, Roosevelt, Washington and our own fellow townsman, W. D. Cochran. A large crowd was present and a deep and lasting impression was made upon all present by the whole address by Rev. I. Garland Penn and the touching resolutions offered by Hon. E. W. Lane on behalf of the citizens for Hon. W. D. Cochran. The program was well rendered.

The following resolution was offered by Hon. E. W. Lane:  
"Whereas we have assembled on this the night of February 14th in the year of our Lord 1919 to pay the proper homage and respect to our country-brother to Lincoln the man of sorrow yet first in the hearts of his countrymen.

"To the first chosen leader of his people who was yet in chains only Frederick Douglass whom all the race mourns his loss. To our own Theodore Roosevelt, the man of nerve of iron, the people's man who loved his fellowman and in return was loved.

"To our greatest southern production Booker T. Washington, who led his people tenderly and safely through the dangers of early citizenship to the great broad highways of industrial education where the beacon lights of better and grander day beamed upon their pathway.

"To meet at such a time and pay respect for Liberty. They who died for mankind and who are at rest. They sleep in the land they made free, un-

der the flag they rendered stainless—and our hearts have been made sad by the shocking news that comes to us of the death of our fellow citizen and leader of men in this his proud old Commonwealth. We pause in the moment of our tribute to honor Hon. William D. Cochran who just a moment as time flies was at our side—walked our highways and gave us council from his store house of information, and whose goodness of heart and courageous acts and striking personality gave to us a true man as a matchless leader of men. He was called from us at a time when manhoods morning almost touched noon. While the shadows still were falling toward the West.

"Hon. William Cochran born and reared in Maysville and saw yonder's smiling sun first on March 20, 1868, it was his good fortune as that of the community to live through the dreadful world's war and was actively engaged at the head of important war activities.

"On February 8th, 1919, he gathered his mantle about himself and lay down to rest. While his eyelids were kissed down to sleep his soul took its flight back to the bosom of its Maker beyond the purple twilight hills, beyond the reach of human help or human heart. He has left us his richest memories of a brave and tender man.

"Now, therefore: Be it resolved that we his fellow citizens who loved and honored him and mourn his loss express our sorrow and deep sympathy with his bereaved family.

"And that a copy of these resolutions be spread upon the minutes of this meeting and a copy sent to Mrs. Cochran."

## PRESIDENT WILSON SHOULD EXPLAIN

Reading in the newspapers that President Wilson had appointed Geo. D. Herron and William Allen White delegates to represent the United States in the conference between the Allies and the representatives of Russia in Princes' Island recalls that twenty-five years ago a book with the title, "Between Jesus and Caesar," written by George D. Herron, Congressional Minister and Professor of Social Science in Iowa College, made appeal to the idealism of one intensely interested in the subject of Applied Christianity. Only a general impression remains leaving no accurate data upon which to base a mature, present judgment.

The writer next heard of Professor Herron in the summer of 1898 or 1899 while attending a Y. W. C. A. Conference at Asheville, N. C. In attendance upon the Conference was Dr. Eberhardt, Instructor in Physiology and Anatomy and resident physician in the Presbyterian College for Women, Columbia, South Carolina. Dr. Eberhardt was the sister of Mrs. George D. Herron, who with her three or four children had come to Columbia for counsel and comfort from Dr. Eberhardt.

The year previous a Mrs. Rand and her daughter, women of large wealth, had offered to defray the expenses of Professor Herron for a year's study in Europe. The impecunious college professor accepted the offer with the approval of all concerned. Mrs. Rand and her daughter also went to Europe. At the expiration of time of study, Prof. Herron returned to tell his wife that henceforth his life would be spent with Miss Rand, and giving his wife Miss Rand's check for \$50,000 returned with Miss Rand to Europe, taking up their residence at Bern.

Prof. Herron's subsequent writings

defended free love, denounced the church, and all existing governments including our own. He writes: "The coercive family will pass away with the coercive economic system."

"Protestantism stands—though it doesn't stand very well today—by keeping man in an attitude of fear toward the unknown."

"There is not a bit of spiritual difference between the Standard Oil Combination and the Presbyterian Church. One demands tribute in the form of cash and the other in the form of enslavement of souls and all the cash it can get besides."

"I have no expectation that the present kind of civilization can be amended—it can only be ended."

"It is already too late to reform society in America. It is no longer a question whether you will have a socialistic revolution. It is only left to you to decide what kind of revolution you will have."

To promote the propagation of these teachings in this country, Professor Herron founded in New York City The Rand School of Social Science. Attached to the school is a publishing department and book store from which are issued publications in advocacy of the teachings. Among the publications is one now in the hands of this writer, the title page of which reads:

**The Soviets at Work**  
The International Position of the Russian Soviet Republic and the Fundamental Problems of the Socialist Revolution

by  
**NIKOLAI LENIN**  
Premier, Russian Soviet Republic  
Published by  
The Rand School of Social Science  
New York 1918.

A resume of this book will be given in an early issue of the Ledger if the editor will give the space.

And this George D. Herron, who

broke his marriage vows, settled all the sacred claims of fatherhood with a check for \$50,000 given by his soul mates, desires the home, the church, the organized state, all the institutions of the United States, domestic and political, is appointed to represent the United States in the conference on Princes' Island. What a misrepresentation of the United States! What an affront to the Allies and the decent element in Russia! What comfort to the Bolsheviks! What was the war about any how? What did we fight for? Why have we just observed Father and Son week? Does not President Wilson owe to every American man, woman and child who gave their blood, their treasure, their all to maintain our institutions an explanation for this appointment?

The President has carried and is carrying a heavy burden. He has carried it heroically. Under his leadership, loyally supported by the people, we have won a great victory. As a member of the League of Nations we shall have opportunity to do greater things if we remain true to our own standards. Are there not in the United States enough men, husbands of one wife, loyal fathers, to fill our offices? If so, why this appointment?

## "INSPECTED AND CONDEMNED"

Washington, February 18—The Republican Publicity Association, thru its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"Has it ever occurred to you that practically every endeavor of the American people in the war resulted in the most phenomenal success, while in almost every instance the efforts of the Administration ended in dismal failure?"

"Our soldiers, themselves, suddenly called from peaceful pursuits, briefly trained, poorly equipped, put up a fight the like of which Europe has never witnessed. The Liberty Loans were as a rule highly oversubscribed; the war savings and war thrift stamps were brought to the limit; a people whose prodigality with food had once been notorious performed marvels in self-denial and conservation. Contributions to the Red Cross, the Y. M. C. A., the Y. M. H. A., the K. C., war chests, tobacco and literature funds, and countless other activities to ameliorate the soldier's lot, were handsomely responded to, and generally boosted far over the limits set. Every one of these war organizations rendered splendid and amazingly effective service. Producers of war equipment, from the manufacturer of trucks to the knitter of socks, came through in fine shape. That the end of the war found the government storage-spaces glutted with billions of dollars worth of material was no fault of the makers, but must be blamed to the dilatory Mr. Baker."

"The failures of the Administration in the conduct of the war are well-nigh numberless. They began with the obstinate refusal for two and a half years to make ready, and where they will end no man can say. It is almost impossible to cite an instance of where an Administration effort really succeeded. The soldiers were started in training with wooden guns and odd-lot uniforms, drilling in mud and sleeping in insanitary camps. They are returning without funds, many of the wounded without proper hospital allotments. We have had the airplane breakdown, the ordnance breakdown, and the ship-building breakdown. The country is strewn with war material of every description which the government bought with a prodigality beyond reason and never delivered, and the great gas outfit ended in dumpage at sea because it was realized too late. But two of Ford's 'Eagles' ever flew, so that almost the sole exception to the general success of American individual enterprise is to be found in the factories of a pacifist and presidential favorite. Our troops were transported in foreign vessels, or foreign-built vessels operating under the American flag, and Great Britain and France equipped them with airplanes, guns, and partly with clothing."

"Where pressure of public opinion compelled Administration reforms and able men were eventually drafted to carry on war-work, results at once began to appear, as far example, when Charles Schwab took over the building of ships, Stettinius became our Quartermaster-in-fact, and Ryan began on the airplane program. But these reforms were adopted too late to be of effective war service. "Comparison of successful American enterprise and exasperating administration failures presents the most damning indictment of a partisan, sectional, narrow-minded, inefficient bureaucracy to be found in all the pages of history. But it has its bright side. It indicates that the people themselves are there with the goods; that it is the Administration which they were beguiled into supporting on the plea, 'he kept us out of war' that is rotten to the core. And in 1920 the American people, selecting the branding iron of the Inspector General's Department, should burn into the hide of the Democratic Donkey, 'I. C.', meaning 'Inspected and Condemned.'"

MANY BEGGARS IN CITY  
Several complaints have been filed with the police that there are a large number of beggars in the city just at the present time. During the past several days many have bothered the residents of the East end of the city and some have become very insulting.

## MANY AMERICANS IN BREST

Brest—Brest is the largest American city on the eastern shores of the Atlantic ocean. With more than a million Americans heading westward in the opening quarter of this year, the French population of Brest, 90,000 persons, was so swamped that the port became a veritable American city. With the rush of Americans to the port raced reinforcements of Y. M. C. A. workers and supplies for although Brest had been the center of great Red Triangle activities for more than a year, the facilities required prompt doubling to accommodate the homeward bound victors.

At the commencement of this year, the Y. M. C. A. conducted thirteen canteens, in Brest and nearby camps, three Red Triangle restaurants, three hotels and the navy Hut being in the city.

## The Busy Hour for Telephoning

If we comprehend that residences are ordering their groceries and supplies—that retailers are ordering from the wholesalers, that freight depots are notifying their consignees, and professionals making their daily appointments—at just the time we are doing our own ordering, it must be between nine and ten o'clock in the morning.

If the "line is busy" when we call at that time, it is also busy for others when we are using it, and the whole situation might be relieved if we called later in the day.

If the person persists in visiting during the busy hours will have fine consideration for others, she will do it later in the day. She will not under any circumstances talk over five minutes. And she will use the telephone on party lines for reasonable and necessary purposes only.

#### WILL WED WEDNESDAY

A marriage license was granted in County Court this afternoon to Carl Kellum, aged 21, of Germantown and Ina Mae Gallagher, aged 15, of Maysville. They will be married at Mt. Olivet Wednesday. As the bride was under legal age written consent of the parents was required before marriage license was granted.

Influenza, which has escaped Rectorville and its neighborhood until the past week or ten days, is now said to be developing rapidly there. One family in the village has six cases of the disease, it is said.

## MINSTRELS WILL BE THE ATTRACTION WEDNESDAY NIGHT

John W. Vogel's Aggregation of High Class Entertainers Will Attract Large Audience Wednesday Evening.

A performance of superior excellence may be looked for Wednesday evening at the Washington for John W. Vogel's all new all white big minstrels, with all the novelties and varying specialties which this popular manager has found it possible to crowd into a performance of this kind will be there. Vogel has long been recognized as the King of Minstrelsy adding each succeeding year considerable strength and beauty to what has always in the past been accepted as a perfect presentation.

The great Morton heads the happiness this season, his inimitable monologue always proving amusing, especially to the ladies, his aim having always been to please instead of offending the fairer sex, this fact being responsible for his great popularity. Billy Graham, Bobbie Gossans, The Lund Brothers, Harry L. Ford, Gene Howard, and Harry Oakley are other bidders for approval in the fun-making festival, while Clyde Chain, Harry Prince, George A. Porter, W. H. Weber, Joe LaFam, Al Tint, James Laden and the Liberty Quartette form what is heralded as the strongest vocal party ever heard in minstrels.

The olio is a long one and of the unusual kind. Marvelous "Laretto" sensational acrobatic contortionist, R. F. Cullis, musical rlist, the Lund Brothers, world renowned hard and soft shoe dancers, Joeie Bobeck, comedy juggler and mystifying necromancer, Billy Graham the dancing marvel, Geo. A. Porter, female impersonator, W. H. Weber, the double voice vocalist and the great Morton fill out the diversified bill which promises to be the best of the kind ever seen here.

#### SCOTT METHODIST EPISCOPAL CHURCH

The evangelistic movement opened last night with a soul stirring sermon from Mrs. Anna Thomas Foster. She is considered as being the best "woman preacher" in this section of the country. The audience was lifted to tears as she told the story of how David found the Good Shepherd.

A good crowd is expected tonight. Don't miss a service. Every afternoon at 3 o'clock prayer services. The prayer units will begin their work on next Thursday and will have prayer services in East End.

Everybody welcome, be on time this afternoon at 3 and tonight at 7:30.

At least two more prominent Democrats are said to be grooming themselves for the Democratic nomination for Representative from this county.

## CIGARETTE SMOKERS PROMISED COWHIDING

Small Boys Arrested on Request of Juvenile Judge That Cigarette Smoking Among Lads Be Broken Up Are Promised Treatment If Habit Is Not Broken.

Some time ago Juvenile Judge Purnell announced that he expected to break up the smoking of cigarettes on streets by small boys, much complaint about which had been lodged with him. He issued orders to all of the officers of the county that they be on the lookout for these youthful smokers and issued orders to all dealers that the state law against selling to small boys would be rigidly enforced.

An investigation disclosed that the little boys were not purchasing the cigarettes themselves but were getting older boys to do their buying for them while they paid for the smokes and then divided the contents of the package with the purchaser.

This morning Constable Ben Fleming brought three small lads from the East end before Judge Purnell, having caught them smoking on the streets. After giving them a good lecture Judge Purnell promised them that he expected to take all such boys before Chief Ort for a treatment of cow hiding unless they broke up their practice of smoking on the streets.

Judge Purnell is determined about enforcing this law and will deal rather severely with those lads who persist in smoking cigarettes on the streets.

#### HENRY B. WALTHALL IN "WITH HOOPS OF STEEL"

Mr. Thiebel, manager of the Pastime Theater, announces that he has secured as the attraction at that theatre for Thursday, February 20, Henry B. Walthall in his latest Paralta play, "With Hoops of Steel," which has been adapted for the screen from the book by Florence Finch Kelly.

"With Hoops of Steel" is a story of mystery embellished with all the attractiveness of the virile life of western Texas, told with a modern twist that adds much to the interest and suspense. The character played by Mr. Walthall is that of a man accused of murder and who is involved in such a train of circumstantial evidence that escape seems impossible. The working out of the tangled skein affords Mr. Walthall a role far different from any in which he has heretofore appeared, and the production is considered by those who have seen it as a distinct achievement in the delineation of western types.

Mr. Walthall is supported in this production by an excellent cast of players including Mary Charleson, William DeVaul, Joseph J. Dowling, Howard Crampton, Roy Laidlaw, Clifford Alexander and Anna Mae Walthall, sister of the star.

#### COUNTY COURT

In the Mason County Court this afternoon the following business was transacted:

R. G. Humlong was appointed administrator of George Henry Davis, deceased and he qualified as such with W. N. Humlong as surety on bond. Messrs. G. O. Asbury, Reed Richeson and J. P. Graybill were appointed to appraise the estate.

On motion of Kelly Davis, a minor over 14 years of age, the Farmers Trust Company, of Flemingsburg, was appointed guardian of the said Kelly Davis and they qualified as such. On motion of the mother or Lillie May, Glenn Owens, Powell Davis, Jessie and Powell Davis, the Farmers Trust Company, of Flemingsburg, was appointed their guardian and it qualified as such.

#### SERIOUSLY ILL AT CINCINNATI

#### TRIAL BEFORE JURY

Sam Lyons was before Squire Fred Bauer last night on a charge of Breach of the Peace but as the defendant demanded a jury trial, the case was continued until this evening at 7 o'clock.

Because of inability to rent a proper room the plan for establishing a boys' gymnasium in the city has been temporarily suspended but not entirely given up and at a later date it is expected that the plan will be revived.

## RIVER MEN SAY RAILROAD DISCRIMINATE

Prominent Ohio River Coal Men Are Meeting in Cincinnati to Discuss Their Troubles.

Ohio river transportation interests held a conference at the Chamber of Commerce at Cincinnati Tuesday to discuss the claim that the railroads are discriminating against them in the matter of coal shipments from Kentucky and West Virginia points down the Ohio river to Cincinnati. It is charged that they have been charged excessive rates by the railroads in re-shipping coal out from points on the river to rail points in the interior. The Government has sent to the conference Lieutenant Colonel John Stewart of the chief of engineers' office. Colonel Stewart is connected also with the Inland Waterways committee of the United States Railroad administration. Accompanying Colonel Stewart, on the same mission, is C. D. Whitney, chief clerk of the Inland Waterways commission. Col. L. C. Harkness, representing the United States engineers' office in the Cincinnati field, also is attending the conference, together with the entire personnel of the Central Territory Coal and Coke committee.

#### TOBACCO MARKET STRONGER

The Maysville tobacco market was very much stronger today than it has been for the past week.

The Liberty warehouse reports a sale of 98,485 pounds sold in a price range of from \$10 to \$84 per hundred. Vice and Beard \$51.40; Lawrence Mains, \$46.22; Dan Lloyd \$64.45. Mr. Lloyd's crop was grown on 4 acres of ground which averaged \$770 per acre.

Officer Martin Drennan, who has been ill with influenza for the past several days is now much improved and is able to be up but will not be on the job for several days.

Contractors report that so far as they are advised there will not be a great amount of building in Maysville during the approaching spring and summer.

Yesterday was Squire Fred Bauer's regular monthly court day and much important business was done. Several judgments were given.

The Maysville Tobacco Association is now rigidly enforcing the rule against "nesting" tobacco on the sales floors.

London, February 18 — "Atrocious trials" of Germans known to have committed crimes against humanity on the high seas will soon begin, and, according to Rear Admiral Sir Reginald Hall, the German defendants will be hanged if found guilty.

A method of procedure against the German offenders has already been drafted, according to Sir Reginald. They will be divided into two classes: (1) Those in authority who ordered deeds of infamy; (2) Those who carried them out.

"If any German we now have in custody proves he obeyed orders in committing any sea crime, then we will proceed against the higher German authorities," said Sir Reginald. "Our arm is long enough to reach the 'higher-ups'. In the case of the hospital ship Llandovery Castle, the man who sunk her will be brought to trial. He will be defended by counsel in open court and if convicted he shall die."
